Incendiary Bomb Raid Causes Heavy Damage In Tokyo

Huge Damage In Tokyo As Result Of Greatest Raid

More Than 300 B-29's In Mass Incendiary Bombing Of Japan's Chief City

MILES OF TOKYO LEFT IN FLAMES

By WILLIAM E. ZIMMERMAN
(U.S.S. Staff Correspondent)

WASHINGTON, March 10.—Crewmen returning from the early morning raid on Tokyo reported today that the glow of widespread fires were visible for a distance of 150 miles and that only two of the more than 300 B-29's which left the Japanese capital in flames were lost to enemy action.

This latest report on the first mass incendiary bombing of Japan's chief city came from Washington headquarters of the 20th Air Force which also announced that a "medium sized" force of B-29's had been sent to the city. The Japanese communications center, a few hours after the Tokyo attack.

Palace Set Fire
Radio Tokyo said the Imperial palace of Japanese Emperor Hirohito was set ablaze but there was no mention in the Washington communication which did not, however, show final results of the mission.

Anti-aircraft fire during the heavy attack on Tokyo's vital industrial district was described as "meagre to intense," but enemy fighter opposition was "slight." The disclosure that only two of the big Superforts were lost gave the lie to Japanese claims that 15 were shot down and about 50 damaged.

Twentieth Air Force headquarters in Washington announced that a "medium sized" force of B-29's made the 3,500 mile round trip from India to blast railroad yards at Kuala Lumpur, located about 3,000 miles southwest of burning Tokyo.

Hundred Thousand German Prisoners Since February 23

PARIS, March 10.—(INS)—Illustrating the enormity of the German debacle, it was calculated today at headquarters that more than 100,000 Germans have been taken prisoner on the western front since the drive on the Rhineland began Feb. 23.

This figure is double the average prisoner rate tallied by the allies since D-day. Large numbers of others are expected to be put on the captured list soon.

PA NEWC Observes

Warning that autos which are parked on downtown streets must be out of the way of the street department forces at midnight, indicates that work of cleaning the streets is soon to be in progress. The task in this spring will be one of the largest of many years, as the streets appear to be particularly dirty, following the severe winter damage to streets, and large use of ashes due to traffic conditions.

Victory garden fever is developing in the city and surrounding territory as weather conditions begin to take on a semblance of spring. The need for war gardening this summer will be greater than at any time since the war started.

Allied Offensive Now Threatens To Engulf Entire Western Front

By LEE CARSON
(U.S.S. Staff Correspondent)

WITH THE U. S. FIRST ARMY IN GERMANY, March 10.—The mighty allied offensive launched Feb. 23 today threatened to engulf the entire German western front as three American armies, with at least one bridgehead firmly established on the east bank, faced the enemy on a 100-mile line along the Rhine.

The most pessimistic observers concede that a sudden short of a fresh, well-trained German army could contain—let alone halt—the American breakthrough at Remagen, south of Cologne.

Considered by both German and American armies a formidable, if not invincible, barrier, the Rhine has been crossed and the great plan before it entirely cleared of the enemy, with a flood of men and materials rushing through the Remagen gap into the Nazi heartland.

Battered Resistance
The smash across the barrier stream is opposed only by the battered remnants of German divisions crushed and scattered by the allied steamroller rumbling eastward from the Roer and by reserve units hastily assembled from central Germany.

First army staff officers were conservative when they declared the bridgehead across the Rhine and the swift linking of the three armies on the water's edge would unquestionably shorten the war. For the first time there is little doubt the end of the war in Europe is in sight.

Marines Widen Gains In Battle For Iwo Island

By JOSEPH A. BORS
(U.S.S. Staff Correspondent)

ADVANCED PACIFIC FLEET HEADQUARTERS, Guam, March 10.—Driving ahead in the face of continued heavy resistance, spearheading Yank marines of the third division reached the northeastern beaches of bloody Iwo Jima in bitter fighting yesterday and by noon today had widened their gains.

The first communiqué on the two fighting released from Pacific fleet headquarters in the past 36 hours disclosed that the Japs attempted to infiltrate marine lines during the night of 8-9 March, but these attempts were hurled back with the loss of 564 Jap troops.

Efforts Repulsed
The abortive counter-attacks were launched at positions held by the fourth marine division holding the right flank of the Iwo line. However, all efforts of the enemy to break through were repulsed.

The breakthrough to the beach brought the flaming battle for Iwo into its final phase and further advances by the marines should crush all organized resistance in the very near future.

Admiral Richmond Kelly Turner, commander of amphibious forces of the Pacific fleet, commenting on the outcome of the battle declared: "It won't be long before the battle is over."

The marine push to the northeastern beaches of the island means that all enemy resistance in that area is broken up into two "pockets," which are steadily being squeezed to death by the converging drive of the three marine divisions advancing northward.

WARNS JAPAN OF INVASION
(International News Service)
The Japanese army and the people of Nippon were warned today by Nippon's war minister, Gen. Sugiyama, that United States invasion of the Jap home islands was "inevitable."

The Jap war minister made no prediction as to how soon the shore of Nippon itself would be assailed by amphibious forces in his unprecedented statement which called for utmost efforts on the part of the Japanese "for the maintenance of the prosperity of the imperial house."

Sugiyama, in his statement on the occasion of army day, which is celebrated today, appealed for unity at home among the armed forces, the government and the people.

Bitter Street Battles Are In Progress According To Dispatches From Front

MOSCOW SILENT ON BERLIN DRIVE

By NATALIA RENE
(U.S.S. Staff Correspondent)

MOSCOW, March 10.—Front dispatches reported today that Russian assault forces had broken into the southern suburbs of Danzig where they were battling the Germans in bitter street fighting.

The Soviets hammered through the outer defenses of Danzig at the same time that other Red army units battered at Berlin's outlet port of Stettin.

The assaults on the two key points were intensified after the Red army toppled the Pomeranian communications artery of Stolp to tighten the pocket around the German army troops trapped in the Pomerania-Danzig area.

Soviet troops were reported closing in on Danzig long ago and were steadily advancing armies, reeled under a sustained aerial bombardment today when some 1,900 American planes struck at the Reich for the 26th straight day.

More than 1,350 Fortresses and Liberators, backed by 500 Mustangs, pounded railroad marshalling yards and other targets at Stettin, Paderborn and in the Dortmund sector.

Gen. George S. Patton's U. S. Third Army linked up with troops of the American First Army, officers said today.

MANILA, March 10.—(INS)—Mistress Virginia Romulo, wife of Gen. Carlos T. Romulo, and their three sons were disclosed today to have been rescued from behind Jap lines in central Luzon by airplane and the family reunited for the first time since December, 1941.

Their fourth son, Lieut. Carlos P. Romulo, Jr., a veteran of Bataan, guided 160 guerrillas through two enemy strongholds to save his mother and brothers, Ricardo, 11, Gregorio, 16, and Roberto, 6.

Westminster Victory Ship Will Be Launched On Next Tuesday

NEW WILMINGTON, March 10.—Launching of the S. S. Westminster Victory cargo ship named in honor of Westminster college, has been set for Tuesday, March 13, at 1 p. m., according to word received here.

Now under construction in the Oregon Shipbuilding Yard in Portland, Oregon, the S. S. Westminster Victory will be the 412th vessel constructed at the Oregon shipyard during the present World War II, and the 62nd Victory ship from the yard.

The ship is being launched 46 days from keel laying and will require 39 more days before commissioning.

Dr. Robert F. Galbreath, Westminster president, has appointed H. G. Edgar, Westminster graduate of the class of 1896, and a resident of Portland to represent the college at the launching.

Westminster's gift to seamen sailing to battle zones on the S. S. Westminster Victory will be a complete ship's library chosen by the Merchant Marine Library association. Under the sponsorship of the Holcad, campus weekly newspaper, a campaign is now under way to raise \$350 for the purchase of the books for the library.

Victory ships are improved 10,000-ton versions of the old Liberty ships used extensively at the beginning of the war. Built for speed, they are able to get supplies to the battle zones in almost half the time taken by the type used previously.

WHERE YANKS MADE RHINE CROSSING

Here is a view of the huge bridge which spans the Rhine river at Remagen, Germany. The Yanks surged across the Rhine at this point, using this 1,063-foot bridge, which was reported seized undamaged. The bridge is a five-span, double-track structure. The Rhine is a quarter of a mile wide at this point.

Will Soon Know How Much Strength German Forces Now Have Left

By CAPTAIN JOHN H. CRAIG
(Written Especially For I. N. S.)

It won't be long now before we know for certain how much punch the German army has left, if any. The amazingly brilliant feat of the Ninth Armored Division of Lieut. Gen. Courtney Hodges' American First Army in capturing undamaged the great Ludendorff bridge across the Rhine at Remagen has put the play up to the Nazis to act in a hurry and with tremendous force or see their whole defensive position along the Reich's historic river shot full of holes.

It reports are correct which describe the American bridgehead on the Rhine's east bank as more than a dozen miles long by half that depth. There is already room for a powerful United States force to deploy in preparation for action to extend their foothold still further.

Quick Nazi Attack Called For
According to all the books of military strategy, just one thing is called for from the German high command as a lone hope of saving the situation, and that is a quick attack by Nazi forces of overwhelming size and power, to throw the American forces that have crossed the river back across the stream before they become too strongly established.

Also according to the military text books, about 72 hours, or three full days is approximately the time it might be expected to take a commanding officer in the spot occupied by Nazi Marshal Karl Gerd Von Rundstedt, commander on the Rhine front, to organize the necessary forces for a counter-blow.

According to dispatches, the cap- (Continued on Page Two)

German Report Says U. S. Boats Crossing Rhine

LONDON, March 10.—(INS)—The German DNE agency said today that American assault boats had crossed the Rhine river south of Honnet and had joined the bridgehead which the Germans claimed had been extended north to Honnet.

The hints upon which the conviction was based included reports of the surrender of a complete division, that some German troops were ferrying from the east to the west bank of the Rhine to give up, reports that Marshal Von Rundstedt has been replaced as commander of the western front and the extreme measures being taken to get all manpower into the fight.

Division Surrenders
Published reports that the Germans have been obliged to resort to radio in order to dispatch trains, normally done by telephone or telegraph, also was accepted as indicating the extent of demoralization of communications throughout the country which is likely to bar any effective military operations.

Americans Expand Bridgehead On East Side Of River With Reinforcements

NAZI RESISTANCE SOMEWHAT STIFFER

By JAMES L. KILGALLIN
(U.S.S. Staff Correspondent)

PARIS, March 10.—Strategic high ground commanding highway networks east of the Rhine fell today to American First Army troops who rushed fresh reinforcements and equipment across the Remagen bridge to strengthen advance forces now meeting stiffened German opposition.

On the opposite bank of the Rhine, other First Army units formed a solid line all the way south from Cologne to Remagen, with the exception of a minor pocket held by the Nazis immediately below the cathedral city.

The bridgehead last reported to be 10 miles long by five miles deep, was expanded as the Americans chased the Germans over the high ground east of the river valley.

Pressure Tightens
Gen. Dwight D. Eisenhower's spokesman announced, however, that enemy "pressure is beginning to tighten."

Speculation On Allied Landing Along North Sea

WASHINGTON, March 10.—The Army and Navy Journal speculated today on a possible new Allied landing on the German North Sea coast with British Field Marshal Sir Bernard Montgomery leading the assault.

Such a stroke, the unofficial but authoritative publication said, would bring to reality the Yalta pledge to strike at Germany from west, east, north and south.

The broad plans for this operation were formulated by the combined chiefs of staff and the Russian general staff at Yalta, the magazine said, "and since then the details and the preparations for execution have been worked out."

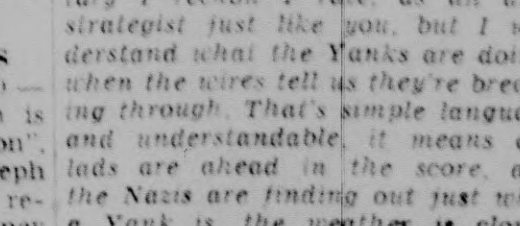

Prime Minister Churchill's front-line conferences with Montgomery and Gen. Eisenhower last week were seen as an indicator of this new military move the Journal said.

I'm not so good with the fourth dimension, and Einstein's theory is Greek to me. I get confused with his bending light lines, when he talks of relativity. In things military I reckon I rate, as an arm strategist just like you, but I understand what the Yanks are doing, when the wire tells us they're breaking through. That's simple language and understandable. It means our lads are ahead in the score, and the Nazis are finding out just what a Yank is, the weather is cloudy and thirty-four.

Chiang Kai-Shek Must Approve Any Communist Arms

WASHINGTON, March 10—(INS)—Responsible Washington officials said today that the United States government would not approve shipment of arms and munitions to the Chinese Communist army without the approval of Generalissimo Chiang Kai-Shek.

The issue was raised by reports from Moscow that the Communist government in Yenan has requested the United States to turn over certain stocks of arms and munitions which American forces had captured from the Japanese.

Washington officials said that although such a request has not yet reached Washington officially, it was a "likely move" for the Communists to make.

The question raised a delicate issue, since the American government, by supplying arms to the Chinese Communists, would also be contributing to a possible renewal of military conflict between the Communist and the Nationalist armies of China.

The Fourth Armored Division, mopping up the Coblenz plain, cleared enemy resistance from Rubenach, two miles northwest of Coblenz.

The 90th and Fifth Infantry Divisions, clearing up behind the Fourth and 11th Armored Divisions, captured six towns against disorganized enemy resistance.

The 90th Division captured four towns 15 and 16 miles west of Mayen and also sent motorized infantry into Mayen itself.

The Fifth Division had a strong fight at Manderscheid, east of Bittburg, where the Germans resisted with five tanks and infantry troops.

The 10th Armored Division, advancing along the north bank of the Moselle, pushed to within seven miles northeast of Trier in a one-mile advance, while another 10 division combat team advanced two and one-half miles to the northeast to the vicinity of Salmrohr, 16 miles northeast of Trier.

HUGE DAMAGE IN TOKYO AS RESULT OF GREATEST RAID

(Continued From Page One)

operation carried out by the B-29's left huge fires raging today in a ten square mile area in the heart of the enemy capital. The main Japanese city was hit with 1,000 or more tons of incendiary bombs at about 1 a. m. Tokyo time.

Even as great fires were still burning in Tokyo, however, there were indications that this mighty raid was just a forerunner of things to come for the Japanese.

By HOWARD HANDLEMAN
(U. S. Staff Correspondent)

ADVANCED PACIFIC FLEET HEADQUARTERS, Guam, March 10—A commanding general of Superfortress elements which participated in the first mass incendiary bombing of Tokyo today described the assault as "the greatest show on earth" and declared that the city burned into "a sea of flames" after more than 300 B-29s dropped at least 1,000 tons of fire bombs on the Japanese capital.

That description of the fiery results of the raid was provided by Brig. Gen. Thomas Power of Fort Worth, Tex., commanding Superfortresses based on Guam, who soared high above his bombers and cruised over the target area in the heart of Tokyo.

Over Tokyo 90 Minutes

The mighty force of B-29s struck the Japanese capital at 1 a. m. Saturday (Tokyo time) and continued their devastating attack for ninety minutes, dropping a great weight of incendiaries on the city's densely populated industrial district, which covers an area of about 10 square miles.

"We did fifty times more damage than we did in the February 25 raid, when we knocked out 240 city blocks," General Power said on his return to Guam. "The areas below were a sea of flames."

The blazing Tokyo district, which contained many industrial installations as well as countless homes in which war materials were manufactured, is in the vicinity of the Emperor's imperial palace grounds but no information was available as to whether fiery explosives struck there. Estimated population of the district is 1,000,000 persons.

said Soviet troops attacking from the north and northwest have "blasted" a way into the fortress city due east of the capital.

Russian across vast stretches of Pomeranian territory, Marshal Konstantin K. Rokossovsky's Second White Russian Army overran more than 200 localities, including the Baltic coast towns of Stolpmünde and Rügenwalder, both in the Stolp area.

More than 4,000 Germans were killed and huge quantities of military materiel seized during the Pomeranian fighting which resulted in Soviet gains of up to 25 miles. An entire infantry regiment was wiped out in one sector alone, Moscow reported.

Planes Blast Troops

Soviet planes blasted enemy troop concentrations at the Oder crossings guarding the approaches to Siedlitz, while in the Baltic Red warships sank a 6,000-ton Nazi supply vessel.

Northeast of Lake Balaton, Moscow declared, the Germans attacked with large tank formations in attempt to break through to the Danube. Activity on other fronts was confined to patrol clashes and "fighting of local importance," the Moscow communiqué declared.

The Hungarian railway junction of Veszprem was blasted by Soviet bombers, which started "fires and very powerful explosions" in the rail yards.

IGNATIUS DUZYK AND CHILDREN

Repeated attempts by the enemy to blast the bridge were frustrated by well-established American anti-aircraft batteries which brought down virtually every German plane that attempted to unload explosives.

Back across the west bank the Germans suffered a new military disaster through the linking of forces by the first army and Lieut. Gen. George S. Patton's third army, which trapped five to six German divisions and elements of four others.

The junction between Hodges' men and the troops of Patton was effected between Remagen and Coblenz.

Security Blackout

The security blackout still prevailing prevented detailed reports on the progress of the first army across the Rhine and the action on the first and third on the west bank which has entirely bewildered the enemy.

It was disclosed, however, that the west bank of the Rhine between Remagen and captured Bonn, some 12 miles to the north, had been practically cleared of Germans.

The position of the German forces caught west of the Rhine in the lineup of the two American armies was described modestly at headquarters as "precarious."

The trap in which 30 miles in width from east to west and is about 20 miles deep from north to south.

Thrown off guard by the surprise seizure of the 1,300-foot Ludendorff bridge, the Germans, when they recovered from the shock, began lifting aerial tabs in the region of Remagen.

Latest reports were that only one German panzer division so far has attempted to contain the American bridgehead without success.

More than 1,000 American fighter-bombers of the U. S. ninth air force provided an air umbrella for forces streaming across the Rhine into the bridgehead on the east bank opposite Remagen.

bridgehead to between six and seven miles. The announcer gave no source for his information and observers pointed out that a security blanket still veils all moves of the American units in that area.

The time lag over the movements of both the First and Third armies imposed because of their rapid progress and the precarious positions of Nazi troops inside the trap near Andernach, was continued. Headquarters announced definitely, however, that the Remagen bridgehead is being built up and expanded despite considerable enemy artillery and mortar firing.

The Luftwaffe made no runs over the heavily-defended bridge last night after five of its planes had been downed earlier.

Some Opposition

On the ground, several hundred enemy infantrymen supported by tanks were believed opposing the forward elements expanding the bridgehead, admittedly, slowing down the American advance "somewhat."

The Germans launched one counter-attack against the area, but it was not an aggressive blow.

Sharp clashes resulted when the Germans, employing tanks and infantry, sought to contain the rapidly expanding U. S. bridgehead but the Americans continued to swell the water barrier and press forward into the interior of the Reich.

First and Third army forces slashing at remnants of five to six German divisions trapped west of the Rhine along with elements of four other divisions. The Nazis were caught in the surprise American sweeps which resulted in a junction south of Cologne by the First Army.

Under command of Lieut. Gen. Courtney H. Hodges and the Third led by Lieut. Gen. George S. Patton.

Wesel Bridgehead Shrinks

Allied forces at the northern end of the blazing western front in embittered fighting have shrunk the German bridgehead west of the Rhine opposite Wesel to five miles in length and four miles in depth.

The Germans persistently sent over artillery fire from the eastern bank of the Rhine against the Allied northern armies but British and Dominion forces of the Canadian First Army maintained steady gains.

The German town of Epel, on the east bank of the Rhine, was captured by the American First Army before the forces of Gen. Hodges proceeded inland.

Security measures imposed by headquarters prevented detailed information on the progress of the bridgehead forces.

Some Shift Fighting

The Wesel bridgehead's days are numbered and it is being reduced bit by bit although it still the scene of some of the stiffest fighting of the war. Heavy enemy mortar and artillery concentrations were being directed at the Allied forces.

Elements of the Third Army's Fourth Armored Division, fighting toward Coblenz, captured Rudenath, two and one-half miles west of Coblenz and two miles west of the bend in the Moselle river. Elsewhere, the Third Army continued to gain.

The 90th Infantry Division swept four miles to the northeast and captured four towns 15 miles west of Mayen. In the same area the Fifth Infantry Division cleared Battenfeld and Manderscheid of enemy resistance.

The 76th Division gained one and one-half miles along a three-mile front and captured Muxweiler, 13 miles northeast of Bittburg and moved on to engage in fighting for Grosslütten, one mile to the north.

In the area north of Trier the 16th Armored Division repulsed a counter-attack near Mertesdorf and entered Bekond and Henevich, about twice miles northeast of Trier.

Other 16th Division forces gained up to two and one-half miles along the Trier-Cologne rail line.

It was unofficially estimated that the Third Army took 6,500 prisoners yesterday.

Elements of a hard-punching German panzer division, thrown into the fray when the Nazis discovered the Americans had seized the Ludendorff bridge at Remagen and spanned the formidable water barrier, were smashed back in the initial attempt of the enemy to disrupt the bridgehead established by Lieut. Gen. Courtney H. Hodges' forces.

Fail To Blast Bridge

Repeated attempts by the enemy to blast the bridge were frustrated by well-established American anti-aircraft batteries which brought down virtually every German plane that attempted to unload explosives.

ture of the Ludendorff bridge took place at about 4 o'clock Wednesday afternoon, which places the termination of the three-day period at that hour this afternoon. So if the Nazis have a punch left, it may be expected to begin to make itself felt then or soon thereafter.

Will Soon Be Revealed

Whether the Nazis have any first class divisions in their reserve on the western front to act as shock troops in counter-offensives for the purpose of sealing off enemy breakthroughs is one of the mysteries of the present stage of the war. But it is not likely to remain a mystery for long. Unquestionably much of the hard-fighting body of troops Von Rundstedt used in his Ardennes offensive in December and January has been sent to the eastern front to slow up the Red Army drive. But there may be a few divisions in the Nazi Rhine cupboard yet.

If the Nazis are not able to seal off the forces of Lieut. Gen. Hodges' First Army that have already crossed the Rhine, the bridgehead may be expected to grow rapidly in size and power, as increasing numbers of American troops, guns and tanks stream across the Ludendorff bridge. Ultimately they may be expected to drive north, and south, flanking the defenses of the Rhine from mouth to source and rendering necessary the abandonment of the area.

These are busy days of course. Everybody has more to do than there are hours available and in the hurry-burry we sometimes forget that friend who is ill, or in trouble.

Perhaps you haven't time to drop around for a personal visit, but a minute's time will send your messenger, a bouquet of flowers.

Take a minute to remember, let us know what you want and your friend will be cheered in his moment of illness or trouble. Let flowers be your messenger of cheer but be sure they are quality blooms.

President Signs Moratorium Bill

States Given Until 1948 To Complete Legislation To Regulate Insurance

WASHINGTON, March 10.—(INS)—President Roosevelt today signed a bill granting the insurance business a moratorium from anti-trust laws until 1948 in order to give the states time to complete legislation to regulate insurance.

"The bill is eminently fair to the states," the President said in signing the measure. "It provides an opportunity for the orderly correction of abuses which have existed in the insurance business and preserves the right of the states to regulate in a manner consonant with the supreme court's interpretation of the anti-trust law."

Mr. Roosevelt explained that after the moratorium period, the anti-trust laws and other statutes will be applicable to the insurance business, except to the extent that the states will be responsible for its regulation.

"This bill grants the insurance business a moratorium from the application of the anti-trust laws and certain related statutes, except for agreements to boycott, coercion or intimidation, or acts of boycott, coercion, or intimidation, until January 1, 1948," the President said.

"The purpose of this moratorium period is to permit the states to make necessary readjustments in their laws with respect to insurance in order to bring them into conformity with the decision of the supreme court in the Southeastern Underwriters Association case."

"It is clear from the legislative history and the language of this act, that the Congress intended no grant of immunity for monopoly, for boycott, coercion or intimidation. Congress did not intend to permit private rate fixing, which the anti-trust act forbids, but was willing to permit actual regulation of rates by affirmative action of the states."

Some of the worst garden diseases, such as root knot and clubroot, are carried on roots of seedling plants.

Warns Civilians About Coddling

PITTSBURGH, March 10.—(INS)—Capt. Peter Knapp, head of the neuro-psychiatric section of the DeShon Army General Hospital at Butler, today warned civilians against "coddling, arguing with, and playing doctor to" returning war veterans.

Capt. Knapp stressed the three "don'ts" in an address before the family society in Pittsburgh. He pointed out that social agencies must be prepared to fill the shoes of psychiatrists due to the shortage of them which will arise after the war is over.

The danger signals of war neuroses, he said, are depression, confusion and heightened irritability. To coddle the man is to make more of his symptoms than they deserve, to argue with him is useless, Capt. Knapp admonished, and to try to diagnose his case only upsets the service-man all the more.

Lenten Reading Books Suggested

Choosing the best religious books of the year is a fascinating adventure, according to Miss Alice Sterling, librarian of the Public Library. These are some of the books presented to the New Castle Ministerial association by Miss Sterling at the last meeting of the association.

The list might be called "Books for Lenten Reading" though the books may profitably be read at any time, she suggests.

Lt. F. R. Masters Now Nazi Prisoner

Airman Reported Missing Is Now German Prisoner; Gets Red Cross Box Every Week

Mr. and Mrs. Harry Masters of 921 Carson street, received a letter this morning from their son Lieut. Frank R. Masters, of the air force.

The letter states that he is a prisoner of war in Germany, and that he is in a warm barracks with other American airmen. He says, "We get a big box of food, candy, and cigarettes from the Red Cross every week. This keeps us happy. Please don't worry. I am well and happy."

Lt. Masters was previously reported by the War Department to be missing in action over Germany since January 20.

He was with the Eighth Air Force stationed in England, and a pilot of a P-51 fighter plane, and has been overseas since August 1944. The last report from him stated he had completed 55 missions.

Lt. Masters' squadron leader reported that he knew that Masters' plane had made a landing, but that owing to the confusion and high speed they were travelling did not see him leave the plane.

Local Man Saved By Buddy Who Had Just Learned How To Swim

(Special To The News)

WITH THE SIXTH ARMY

Luzon.—Pfc. John P. McKenna,

who learned to swim only two

months before leaving New Cal-

edonia, is credited with saving the

lives of two men during the land-

ing on Lingayen gulf. One of the

men was Corp. Nolan B. Dorsey,

Medal For Valor Given MacArthur By Philippines

MANILA, March 10.—(INS)—President Sergio Osmeña today presented Gen. Douglas MacArthur with the Philippine Commonwealth's highest decoration—the medal for valor.

The award was made for "extraordinary courage and valor in the face of overwhelming odds shown at Bataan and Corregidor, and the exceptional performance of service of the highest order to the commonwealth."

President Osmeña pinned the Valor Medal—which is equivalent to the United States Congressional Medal of Honor—on General MacArthur at Malacan palace in the presence of the Philippine cabinet.

The Philippines' highest award was authorized in 1942, but General MacArthur was its first recipient.

Paying tribute to the leader of the American ground forces in the Pacific, President Osmeña said:

"The commonwealth desires to make all the world see our gratitude, esteem and admiration for our true friend and courageous liberator."

Lane May Go As Envoy To Poland

WASHINGTON, March 10.—(INS)—It was learned in diplomatic circles today that the United States government hopes to send Arthur Bliss Lane as ambassador to the reconstructed Polish government in Warsaw within the next month.

Lane was nominated four months ago as ambassador to the Polish government in London. But he is now making plans to leave for Warsaw as U. S. envoy to the re-formed Lublin government. Friends described him as "eager to shove off."

Officials made clear, however, that he cannot go until recognition of the new government is extended, and this must be preceded by a genuine change in the Polish provisional government of national unity, according to the Yalta formula.

Desperate Need In European Countries Cited

NEW YORK, March 10.—(INS)—Reporting on the "desperate" need of clothing, shoes and bedding for war-ravaged Europeans, officials of the United Nations clothing collection for war relief disclosed today that 30,000,000 inhabitants of liberated countries at present are "statistically naked."

A service bulletin issued by the campaign leaders cited such instances as a Belgian family of seven which has but one usable shirt "shared in turn by both sexes and all sizes." Only one member of the family at a time, the current possessor of the shirt, is able to leave the hotel in which they live, it said.

Gas Was Drafted Into Service When Coal Shortage Hit

People who have gas stoves and gas grates apparently made full use of them during the weeks when cold weather combined with a shortage of coal to make a good many homes somewhat cooler than usual according to the manager of the local gas company.

According to the figures on the gas consumption for that period, more was used than for any equal period for several years.

U. S. Airlines May Be Forced To Cut Service

WASHINGTON, March 10.—(INS)—United States Airlines may be forced to withdraw 135 to 150 planes from service by April 1 because of present draft policies, the Air Transport association declared today.

Although engaged largely in war transportation, the air lines face the possibility of losing 3,133 skilled employees, including 536 pilots, to the armed services, according to a survey of the industry.

Under present selective service induction programs, the airlines can continue on deferment no more than 30 percent of its employees 18 to 29 years of age, who are classified 2A or 2B, the association pointed out, adding that this embraced 5,012 workers, all "highly skilled employees."

Results of the survey were presented to selective service the office of defense transportation, the civil aeronautics board, and other governmental agencies in an effort to find a way to liberalize the new regulations.

ORDERED TO COMPLETE JOB

Employees of Kane, O'Hara and Heaney, contractors resumed work on the Vogan street sewer yesterday but did not work today. Council has given the firm 60 working days to complete the job, and if the project is not finished the penalties of the contract will be enforced, they decided in council meeting. It is probable another resumption will occur Monday. People complained of the delay.

Pfc. R. DelPrincipe Wounded In Germany

Local Infantry Man Seriously Wounded In Germany February 24, Father Learns

Pfc. Richard DelPrincipe, aged 21 years, son of Vincent DelPrincipe of 519 West North street, was seriously wounded in Germany, February 24, according to a telegram received by his father, on Friday.

Pfc. DelPrincipe is attached to the 102nd Infantry of the Ninth Army, and has been overseas for the past four months. He has been in service for two years.

No other details were received by his father. Pfc. DelPrincipe is now confined in a hospital.

Another brother, Staff Sgt. Vincent, Jr., is with the armed infantry in Germany.

PILOT IS KILLED

BRIGANTINE, N. J., March 10.—(INS)—The Navy announced today that the pilot killed when his fighter plane crashed into the ocean Thursday about 12 miles off Brigantine was Ensign Ralph William Meyer, 21, of Detroit, Ill.

Meyer was on a routine flight from the Atlantic City Naval Air station when he developed engine trouble. A Navy rescue plane dropped him a life raft and the flyer was seen to climb onto it. When a crash boat arrived at the scene, however, Meyer was found dead on the raft.

Lie Detector Test Planned For Man Found On Cross

CHICAGO, March 10.—(INS)—Police today planned to give Fred Walcher, who was found nailed to a cross in Chicago yesterday, a lie detector test to determine whether he knows the identity of the three men who nailed him to a cross.

Police believe that Walcher was not an unwilling victim of the mysterious crucifixion and that he has been pledged not to talk.

"He is probably pledged to secrecy," Police Capt. Patrick B. O'Connell declared after questioning the victim. "But we will take him out of the hospital at the first opportunity and give him a lie detector test."

The crucifixion, it was believed, may have been part of a scheme to publicize Walcher's plan for a world brotherhood of peace and redistribution of wealth. A second theory was that followers of his brotherhood may have become so aroused by it that they carried out his off repeated statement that a crucifixion was needed to call attention to it.

Walcher, wearing a crown of thorns, was found tied and nailed to a cross of timbers under the elevated structure on the near north side of Chicago yesterday morning.

Million Germans Have Been Taken Last Nine Months

ALLIES BAG OF NAZI PRISONERS INCLUDES 18 FULL GENERALS AND 37 OTHER GENERALS

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, March 10.—(INS)—More than 1,000,000 Germans have been captured by the Allies during the last nine months. Allied headquarters announced Friday.

This is an average of more than 100,000 per month.

The bag included 18 full generals, two field marshals—Erwin Rommel, who was killed, and Geyrath von Kluge, who committed suicide—37 other generals, five colonels, and five admirals.

Fifty-eight divisions were destroyed, including four parachute divisions. Thirty-two divisions were never reformed.

Ninety-five per cent of the prisoners are combat troops.

The monthly breakdown follows: June, 47,000 prisoners; July, 36,000; August, 150,000; September, 244,000; October, 66,000; November, 109,000; December, 60,000; January, 50,000; February, 81,000 and the first eight days of March, 57,000.

Fifth Sunday Of Campaign

Tomorrow is the fifth Sunday of the 3-weeks Pre-Easter Increase Campaign being sponsored by the County Sunday School Association, and the results have been generally good both for Sunday School and Church attendance up to this date.

There are 21 New Castle Sunday Schools and 24 Sunday School outside of New Castle, participating, and out of these 45 Sunday Schools, 41 have already gained points and the other four will doubtless have points before Easter.

The church attendance increase effort is confined to New Castle, the County Sunday Schools do not find this a problem, as those who attend are there for both services. Taken as a whole the New Castle church attendance is good, as in a number of cases about 80% of those attending Sunday School remain for the morning worship service. This is doubtless well above the average for the churches of the cities of the state.

While percentages are not kept as to the increase in Evangelist and Bible study which are two of the goals of the campaign, still before the Easter Sunday special emphasis is placed on both.

Evangelist To Visit Northside Church

One of America's foremost preachers and evangelists will come to Northside Community church on Monday, March 12 for a six-day meeting through Saturday March 17. He is Dr. Sam Swain, of Nashville, Tenn.

With Dr. Swain will be his wife, Georgia Swain, the "Southland's Golden Voice" and Tracy Bowles, blind musician of talent.

Dr. Swain is the pastor-founder of the Dixie tabernacle in Nashville, the facilities of which he has made available as a Victory Service Center and Canteen.

'This Is Life' Speaker Tonight

Adam Bausman of Struthers, Ohio, will be the speaker tonight at the "This Is Life" youth rally which convenes tonight at 8 p. m. in the Y. W. C. A. auditorium on the Public Square.

Miss Elizabeth Choco of the First Pentecostal church will be the soloist of the evening, and the young ladies ensemble under the direction of Miss Mary Virginia Roberts will assist in the musical portion of the program. Ray Bates will direct the program.

Evangelical Church Revival To Be Held

Revival services will be held in the Emmanuel Evangelical church, corner of Jefferson and South Streets, beginning Sunday, March 11, to continue for two weeks, with services each evening during the week, except Saturday, at 7:30. The pastor, Rev. H. H. Grove, will be his own evangelist and special music will be a feature of the services.

TWO MINISTERS EXCHANGE PULPITS

Rev. Clarence R. Thayer, pastor of the Third U. P. church, and Rev. U. S. Munnerlyn, minister of the Second Baptist church, will exchange pulpits Sunday evening at 7:30 o'clock.

Rev. Thayer will speak on the subject of "Wings" while Rev. Munnerlyn has chosen the subject, "Jesus Is the Hope of the World."

SAVANNAH CHURCH MINISTERIAL HOUR

Savannah Methodist church, Rev. Walter W. Gilliland, pastor, will have charge of the Ministerial Hour broadcast over WKST at 5 o'clock on Sunday afternoon. The program has been arranged by Rev. Gilliland who will bring a message on "Keys to the Kingdom."

LONELY?
You'll never know...

It's the waiting that gets you down. It's the long days, and the longer nights, when you lie there thinking . . . will you ever get home again? . . . why don't they write more often . . . did Dad ever get over that heart trouble . . . is your best girl still waiting . . . will you ever get a job again . . .

Sometimes, when the mail is slow, you get to imagining things. Black, terrible things that begin to seem real. And then, something saves you.

Like the day the Red Cross field man got a rush cable report from home, telling you your Dad was getting well.

And the time some Red Cross girls came up in a jeep, handing out doughnuts and coffee and million-dollar American smiles. And you all started to laugh and kid, the way you used to at home.

There was the time you wanted to forget it was Christmas. And the Red Cross girl at the club made you trim a palm leaf Christmas tree, and you all had presents and sang the old carols, out there in the hot tropic night.

Maybe it doesn't sound like much. The Red Cross does a lot of bigger things . . . such as collecting blood plasma for the wounded . . . sending food packages to prisoners of war . . . clothes for bombed-out kids.

But to us, home seems just a little nearer, because your Red Cross is with us.

Americans: To keep at the side of your fighting men, your Red Cross must have funds. Contributions from you are the only source of income. Millions of our men are still far from home. They need your Red Cross . . . they must have it.

Keep your RED CROSS at his side

WASHINGTON REPORT

erations after this war. But Russia—there is another story.

To make you feel still happier here is another prediction I hear whispered in small conversation groups: "The jig is about up for the white race. There have long been more colored peoples than white peoples. Today's fighting in many areas amounts to a civil war. Every time a German kills an Ally or vice versa the number of white people is cut."

"What with taxes and unemployment," one dreadful pessimist said yesterday. "this big, wonderful United States is doomed for disaster. We not only will not have saved the world, when this war is over, we will have lost ourselves. And," continued the pessimist, "the American people won't know for 50 years what has happened to them. They'll go on believing they can run mankind until it's too late to help themselves."

On this cheery note I leave you.

THE PARENT PROBLEM

(Continued From Page Four)

the child's way of attacking a verbal problem in arithmetic, helping him to feel calm and read each problem carefully before attempting its solution.

Should the child lag in spelling or reading, the tutor will first observe whether this child has any apparent hearing or seeing difficulty. Most cases should be tested by the eye and ear specialist. In spelling, the tutor will see if the child recognizes all the letters of the alphabet and the basic phonics, and help him catch on to seeing words in syllables. Most of all, the child will be guided to see and spell the word accurately while looking

at it, often repeating the letters in right sequence the while.

Improving Reading
If it is a matter of reading (and most school laggards in the upper grades and college are poor readers), the child or youth will be practiced on materials which are interesting but easy enough for him to read well, no matter at what grade level he may be at school, even at college.

An occasional parent can be a good tutor of his own child, but rarely is, because of hampering emotions. For the parent or tutor my home helps in reading and spelling and "Tip for Students" may each be had in a stamped envelope.

While the child's teacher might become his best tutor, it rarely would be wise to employ her as such, for reasons you can see. Some day there will be in every large center of population a group of well-trained, capable tutors, who make tutoring their profession.

Letters From Prisoner Of War In Germany

(Editor's Note: Following is another in a series of letters from a German war prisoner camp, written by INS War Correspondent Lowell Bennett, who was captured by the Nazis after being shot down during an RAF raid on Berlin.)

By **LOWELL BENNETT**
(U. S. Staff Correspondent)

Fifteen of the men in this prisoner camp have been spending their spare time learning physics from Lt. Lawrence H. Cook of Los Angeles, Calif., who majored in mathematics at U. C. L. A. The class meets three times a week and Cook says that in the past four months his students have

learned the equivalent of a half year of college physics. Lt. Col. C. Ross Greening of Tacoma, Wash., a Tokyo bomber, teaches fine arts to about 30 students. He has only one text book and a very limited supply of materials but reports that all his students are most earnest. Lt. Raymond L. Grass of Normandy, Mo., lectures on photography. With only a blackboard and some chalk, he has covered camera structure, operation, moves and color photography for about 30 students.

Capt. John G. Burke of W. Roxbury, Mass., a graduate of M. I. T., teaches algebra, trigonometry and calculus to 30 students. The classes meet twice weekly in the mess hall.

Sgt. Emmett Clark Killed In Action

Local Soldier, Previously Reported Missing, Now Listed As Killed By War Department

Mr. and Mrs. Emmett P. Clark of 411 Pine street, received the sad message this morning that their son, Sgt. Emmett P. Clark, Jr., aged 27 years, who had been reported as missing in action in Belgium on January 7, is now reported as having been killed in action on that date.

Sgt. Clark has been in service since September, 1940, when he enlisted in the 112th Infantry of the 28th Division, at Warren, Pa., where he was then working. He went overseas in September, 1943, and had seen much stirring action with the 28th Division, which had a large part in stemming the German advance in the Belgium Bulge during the breakthrough by the Nazis last December.

In addition to his parents, he is survived by two brothers, Pfc. John Clark, now in Germany, and Officer's Candidate Robert F. Clark stationed at Ft. Benning, Ga., and two sisters, Mrs. Ruth Garrett and Miss Martha Clark, of New Castle.

Many Veterans Placed On Jobs

By **CAPT. ARTHUR WIMER**
(Washington Correspondent of The News)

WASHINGTON, D. C., March 10.—Local officers of the United States Employment Service in Pennsylvania made 5,486 placements of veterans during the month of January. The War Manpower Commission reported today. Of the servicemen placed in jobs in the Keystone State, 507 were disabled.

Placements of veterans were greater in Pennsylvania than all but four states. California led with 6,788 such placements. New York came second with 6,433, followed by Texas with 6,705 and Ohio with 6,110.

COAL PRODUCTION LAGS
WASHINGTON, March 10.—(INS)—Bituminous coal production in the United States for the week ended March 3 today was estimated at 11,350,000 tons by the National Coal Association.

The estimate based upon incomplete car loading reports for the railroads, brought production from January 1 through March 3 to approximately 104,795,000 net tons, the association said, and explained that the 1945 output is about 8.5 per cent behind last year's pace.

REV. FR. JAMES O'CONNOR

Rev. Fr. James O'Connor newly ordained priest will offer his first solemn high mass, Sunday morning, March 11, at 10:30 o'clock, in St. Mary's church.

Priests to assist Father O'Connor will include: Rev. Fr. Francis McCarter, pastor of St. Mary's church, as arch-priest; Rev. Fr. Leo S. Watterson, of St. Mary's church, Parkers Landing, as deacon; Rev. Fr. Bernard T. Carlin, of St. Rosalia's church, Greenfield, Pa., as sub-deacon.

Rev. Fr. Raymond A. Must, of St. Wendelin's church, Carrick, Pa., will deliver the sermon.

Other visiting priests will attend the services, and the music for the high mass will be provided by St. Mary's church choir, with Frank Gribben as organist.

Individual blessings will be given by Father O'Connor, following the mass.

Dinner will be served in the auditorium of St. Mary's church, at noon on Sunday, for the family and relatives of the young priest, and for other priests of the diocese.

Ordained Last Sunday

Father O'Connor, the son of Mr. and Mrs. James J. O'Connor of 308 East Reynolds street, was ordained to the holy priesthood, Sunday, March 4, in the famous St. Vincent's Archabbey, at Latrobe, Pa. He has been home this week, preparing for the great occasion of his priesthood, the singing of his first solemn high mass.

Father O'Connor will be remembered as a news boy at the time he was attending St. Mary's parochial school. After his graduation he attended St. Fidelis' seminary and later St. Vincent's seminary at Latrobe. On June 4, 1941, he received his bachelor of arts degree at St. Vincent's. Due to accelerated program accepted by most colleges and seminaries during wartime, Father O'Connor was received to the holy orders approximately four months before the usual ordination time, which in other years has taken place during the month of June.

On Sunday afternoon a reception will be held at the O'Connor residence on Reynolds street, for the young priest's friends and relatives, and it is expected that many of his friends will attend to extend congratulations.

During next week, Father O'Connor will be at St. Mary's church, where he will participate in offering the masses until his official assignment has been received from the Rev. Hugh C. Boyle, D. D., Bishop of the Pittsburgh diocese.

Announcement of a five-gallon ration of gasoline monthly for passenger cars in Jamaica caused an immediate spurt in used car prices. Kingston reports. The ration boost came when transportation facilities had reached a seriously overtaxed state and difficulty was being experienced in getting farm products to market.

IN U. S. ARMED SERVICE

(War Censorship Regulations Limit Information Allowed in This Column)

St. Vitus Sodality Program Presented

Perfect Mary Chilli was in charge of the meeting of the Sodality of Our Lady of St. Vitus church, Thursday evening held in the church hall.

Rev. Fr. Albert M. Inteso, spiritual advisor, opened with prayer. The Eucharistic committee, Helen Crudell announced the mass intention to be for fathers of the Socialists, and Betty Terranova assisted. A skit on the rosary, with committee chairmen taking part, Frances Corio was the winner.

Josephine DeMase, of Our Lady committee presented Alice DeCarlo, who spoke on the rosary. Father Inteso led in the reciting of the Angelus. The Catholic Truth committee held a "Take It Or Leave It" quiz on the rosary, with committee chairmen taking part, Frances Corio was the winner.

Frances Corio announced the project for the Apostolic committee for the month, which is vocation. Sister M. Hildegard of the St. Vitus church convent, and member of the Order of Missionaries, Zeiltriebs of the Sacred Heart spoke on her order. Father Inteso also spoke on vocations.

Thelma Phillips spoke on the union bowling. The Sodality will sing the 11 o'clock mass on Easter Sunday.

Father Inteso closed with prayer.

S-Sgt. J. A. DeLillo Awarded Bronze Star

(Special To The News)

WITH THE 29TH INFANTRY DIVISION IN GERMANY—Staff Sgt. Joseph A. DeLillo, an observer for headquarters company, has been awarded the bronze star medal for his excellent service from D-day to January 29, 1945, according to his commanding officer.

His citation states that since the early days of the Normandy campaign, Sgt. DeLillo has been an invaluable assistant to his battalion, and has done much to insure the smooth functioning of the battalion staff and to keep information flowing to the rear. He is the son of Mrs. Julia DeLillo, 505 Canyon street, New Castle, Pa.

Believe Labor Draft Is Doomed

WASHINGTON, March 10.—(INS)—Labor draft legislation today was believed doomed to failure despite President Roosevelt's renewed plea for it.

The opposition manifested in the senate to drafting men for war work also extended to the house-approved

nurses' draft bill, with the result that this measure may be delayed for weeks.

The manpower measure, which carries both the house "work or jail" bill and the senate manpower ceiling proposal in its text, is expected to be sent to conference on Monday.

Mr. Roosevelt severely criticized the senate bill, which is based upon an authorization to the War Manpower Commission to fix ceilings of employment in factories and other-

wise retains the voluntary plan of channeling workers to war plants. Senate military affairs committee members said, however, there is no chance of the senate reversing its action.

SODALITIES TO MEET
Lawrence County Union of Sodality will have their regular meeting Sunday afternoon, March 11, at 2 o'clock, in St. Lucy's church, with President Margaret Naples in charge.

Section 3 Stars
Defeat Soldiers

Andrews, Nimitz and Butchko Lead
Section 3 All-Stars To
61-40 Win

Bill Andrews, New Castle High basketball star, was a member of the Section 3 All-Stars who last night defeated the New Cumberland Army Center quintet at the Aliquippa High floor, 61 to 40. Andrews had 10 of the points.

The All-Stars of Section 3 had the following in the lineup: Goldman, of Ambidge, 8 points; "Admiral" Nimitz, of Sharon, 14 points; Butchko of Sharon, 14 points; Patton of New Brighton, 7 points; Owoc of New Castle, 4 points; Edwards of New Brighton, 2 points; and one point each by Lewis of Ambidge and Colapizzano of Ellwood City. Others of Section 3 participating but not scoring were: LaCamera of Farrell; Waters of Aliquippa and Carrelli of Ellwood.

The game drew a crowd of over 1,000 to the Aliquippa floor with the proceeds of the game going to

the Aliquippa Service Canteen Fund. The Section 3 All-Stars were directed by Lou Hester, coach of the championship Beaver Falls High team that battles Donora tonight at McKeesport for the W.P.I.A. Class A title. Geneva College defeated the New Cumberland team 77 to 66 on Thursday night, and the Soldiers trimmed the Ambidge Collegians on Wednesday night.

K. Pulaskis Will
Play Castle Five

The K. Pulaski basketball team will play the 1945 version of the Castle Five team at the K. P. Hall Sunday afternoon. It was announced today by Al Gonet, coach of the Oaklanders. The game will start at 3 o'clock.

The Castle Five will have in the lineup: Dart, Nahas, Thomas, Davis, Vargo, Santangelo, Siltzinger, Laitinen and Wimer.

Keep inexpensive tweezers and scissors in your kitchen tool drawer. You will find plenty of uses for them, from picking pin feathers out of fowl to trimming brown spots of lettuce.

Pottery Nudges
Sharpsville In
Battle At 'Y'

Nahas Wins Game In Last
20 Seconds With Field
Goal, Score Is 43 To 42

OLD TIMERS TOP
THIRD U. P. FIVE

Basketball fans at the 'Y' last night were treated to a fine exhibition of courage with the Shenango Pottery coming from behind in the last 20 seconds to nudge the strong Sharpsville Merchants, semi-pro champs of Mercer county, 43 to 42. Eddie "Coach" Nahas arriving late after seeing his Shenango High team defeat Zelenople at the Union tourney, was the hero, with a last second field goal that won the game.

The Pottery team led at the half 18 to 16. Sharpsville had a well balanced team of high scoring stars, but were matched man-for-man by the Nickle Ross coached Shenango Pottery city champions. Fritz Wimer, Al Bair and Nahas were the Shenango scoring stars, with Steve Magula and Al Magula best in the visiting lineup.

Old Timers Win
In the preliminary game the Old Timers coached by Alec Samuels, former Castle Five manager, with Freddy McLaure, Jimmy Dart, and Paul Cuba starring, defeated the Third U. P. team of the church league in a comic exhibition at the Union, 52 to 43. Wright and Reed paced the Third U. P. scoring attack.

The Old Timers have not forgotten all the tricks of the game, as evidenced last night. The game brought back memories of 1920 to 1940.

Rocky Graziano
'Kayoes' Arnold

NEW YORK, March 10.—(INS)—Winner of one of the biggest fight upsets in recent years, Rocky Graziano, East Side welterweight, won today for a game comeback that resulted in a sensational knockout of Billy Arnold, Philadelphia dynamiter, in the third round of a scheduled eight-round fight.

Arnold was a prohibitive pre-fight favorite, on the strength of his meteoric career which saw him knock out 28 of 32 opponents. Battered and bloody at the end of the second round and so wobbly on his pins that the referee went to his corner to make sure he would be able to stand another three-minute session, Graziano made a sensational comeback as the Philadelphia stalker him for the kill, and exploded a right to the jaw that knocked Arnold out of the ring.

Arnold managed to get to his feet again at the count of nine, but promptly hit the canvas twice more as Graziano measured him carefully. Referee Frank Fullman stopped the bout at 1:54 of the third round, with Arnold so helpless he had to be carried to his corner.

CAMPAIN of the Lawrence County Sportsmen's Association to procure fishing equipment for wounded soldiers stationed at Deshon hospital annex is meritorious. The drive is designed to provide sufficient equipment for as many soldiers as may be at liberty on any day guides can take them to the various streams in Lawrence County. The campaign is not confined to only members of the association. Fishermen who do not hold an affiliation with the organization may also present equipment to the association whose members will convene at 8 o'clock, Tuesday night in Neshannock hall, V. F. W. No. 315. There is no sport which can provide more relaxation than fishing. So, Mr. Fisherman, if you have a pole, reel, line, hook or any other gadget used in fishing, take it to the meeting or give it to some member of the association. The equipment will be put in order and will help the soldiers find recreation, something they missed while fighting for us.

While speaking of Deshon hospital annex, it might not be a poor idea to pass a compliment to Andrew Dadds and some others whose names we cannot recall at this moment. During the 1944 fishing season, Dadds guided the soldier fishermen to points along the Slippery Rock, Rose Point vicinity, where they spent many happy hours. No doubt "Andy" will do an encore this season. It might be possible for him to arrange with the C. O. at the annex to permit them to go fishing early in the morning or in the dusk of the evening during the trout season. Trout fishing during other hours is not so "creel-ful". Should any of the soldiers return to the annex with a nice catch it is likely the fishin' fever would rise fast. It wouldn't be a bad idea to take them to Deer Creek, Taylor Run, Slippery Rock, Hickory Creek and the Big Run, where there are trout. Some of the veteran fishermen hereabouts could point out favorite places. This would afford them a better opportunity to catch fish than visiting streams where there may be few trout.

Charles Perelman and Bert Kaplan are in service in India, Seabee Izzy Solomon in England, Sand Rubenson in Germany, Alvin Kulkin in the South Pacific, Ted Marlin in Italy, Gersh Solomon in India, Howard Love in Belgium, likewise Ronnie Levine, Jack Schwartz, in Southern France. Sam Buntman is back in action, and Gerald Alpern is on a hospital ship, according to the Kibitzer. Hank Gowdy who was the first major leaguer to enlist in World War I and also a veteran of World War II and Jimmy Wilson, both of whom coached the championship Cincy Reds in 1940, are with the 1945 Reds. Los Angeles has a little club known as "Knocked Out-By-Armstrong". Irish Johnny Taylor is the president. The loneliest man in the city after midnight is the bartender. Cigarette clerks once kow-towed to customers now clients kow-tow to him.

Speedy Dado, once upon a splendid Filipino flyweight, had fame. He rode the high places. However, the truism of fame is fickle and up today and down tomorrow is seen in the announcement Speedy is now selling programs in a Los Angeles theater. Easy come, easy go? Freddie Schott of Akron may give the heavyweight division a new shot in the arm. The battler has won 34 consecutive bouts. Most famous heavyweight from there was Gus Ruhlin and the next, K. O. Christner.

NEW YORK, March 10.—(INS)—Besides ability, Gunder Hagg has that touch of something that used to be known as color when there were colorful athletes blooming on every bush. He has a look about him and a manner, too, with his sunk legs, his effortless stride, his sunken cheeks and that sometimes strangely looking hair which probably has encountered a barber since he left here in 1943.

He used to be insulting. To him, American news men were a horde of gangsters of no particular standing. He said as much, got so downright nasty on one occasion when he was visiting with us before that a Swedish newspaper man cabled a protest back to Stockholm.

Gunder Changes
He was a sort of Jack Sharkey of the track business. Sharkey is mellow now and congenial, but there was a time when he reserved his best and most polished insults for members of the press. In later years he confessed this part of his publicity plan, but Gunder had no such scheme in mind when he first came over. He simply didn't like anybody, including, it seemed at times, even himself.

But Gunder is changed now, and loves the news men, even the photographers, which shows you how far a fellow can go when he really sets out to do a thing. Most celebrities somehow detest photographers, except when they need them.

Still Want Pictures
One thing that Gunder may as well learn now as later—and I hope I'm the first to tell him—the photographers are not going to give a hoot whether he likes them or not. And they still will take his picture.

Wilson, 49, is now director of athletics at Northwestern university, Evanston, Ill., where he has guided Wildcat sports for 20 years. While no official hints have been given that Wilson will receive the appointment, it was understood he was the choice of conference athletic directors and the faculty committee now in joint session in Chicago.

Wilson would succeed Maj. John L. Griffith who died last December. It was believed he would get a six-year contract at a salary of from \$10,000 to \$15,000.

Champion Casters

WORLD CHAMPION among the casters, Dick Miller, left, is shown with two new champs at Long Beach, Cal., in the annual Midwinter Casting tourney there. Miller defended his title successfully. Mildred Wolfe was the winner of the women's five-eights once casting event and Bob Davis, right, winner of the dry fly event. (International)

It has been estimated that driving an automobile at 60 miles an hour is from three to four times more expensive than at 40 to 45 miles an hour. Calculations also showed that oil consumption at 55 miles an hour is seven times greater than at 30; tire wear at 50 is twice as much as at 40; gasoline consumption at 55 is one-fourth more than at 30. In addition there is to be considered the wear and tear on the car's mechanism at higher speeds.

Wampum-Shenango,
Bessemer-Union To
Do Battle Tonight

Shenango Enters Semi-Finals Of Tri-County By Defeating Zelenople 49 To 25

Bessemer Defeats Evans City 46 To 23 To Enter Tonight's Playoff Struggle

Lawrence county class B basketball teams predominate the first annual Tri-County Athletic league basketball tournament being staged at the Union township high gym floor. Last night in the opening game of the highly successful tourney, Shenango defeated Zelenople, 49 to 25, while Bessemer defeated Evans City, 46 to 23. Over 500 fans witnessed the first games of the tourney.

Tonight in the semi-finals it will be the Shenango Wildcats of Shenango against the "red-hot" Wampum High Indians in the first game at 7:30 o'clock, and the Bessemer High Centennials against Union High in the second game at 8:30 o'clock. Monday night the Wampum-Shenango-Union-Bessemer winner will clash for the championship of the tourney, and the beautiful trophy cup that has been procured for the league.

Shenango High Impressive
Shenango High, coached by the veteran Eddie Nahas and paced by Dave "Shiek" Badger and the handsome Charles "Chuck" Tanner, the former with 19 points and the latter with 15, had a rather easy time in downing the Section 25 championship Zelenople High team in the opening game of the tourney, 49 to 25.

Shenango led, 13 to 6, the first period, increased its lead to 25 to 14 at halftime and paced by the work of Mayberry, then coasted in the last half with 24 more points, in which Zeigler and P. Tanner starred. Coach Nahas used all his subs. Zelenople tried hard but were plainly not in a class with the East New Castle contingent last night. Plummer and Gelsay led the visitors in tallying.

Bessemer Looks Good
Bessemer High, after a layoff of basketball following the close of the Section 21 card, returned to the hardwood court last night in the second game of the tourney and trampled a runner-up to the Section 25 title—Evans City High team—46 to 23, and looked good doing it.

The Joe Weresuk coached team

gained a 15 to 9 lead in the first period, then at halftime had a 24 to 15 lead. Bessemer in the final two periods unleashed an attack that netted them 22 more points to eight for Evans City. Wilbur Anderson was the Bessemer star as usual, getting 14 of the points, followed by Nelson, the good-looking center, who flipped in 10 points. Coach Weresuk emptied the bench, using a total of 15 men in the game. Drushel and Bissett were the best in the Bessemer coached Evans City lineup, with six points apiece.

Officials Gratified
The Tri-County Athletic league officials: Chandler B. McMillan of Bessemer, president; Milton A. Patton, Union High, secretary, were gratified at the response of the fans to the opening round of the tourney. Clayton Hofmeister, faculty manager at Union, handled the ticket sale in first-class manner. There was no confusion whatsoever.

Everything was run off last night in great fashion, and tonight will see another jam-packed crowd at Union's gym for the semi-finals.

Workers' Desire To Do Best, Being Thwarted, Charge

By CYRIL LINDROTH
(U.S. Staff Correspondent)

DETROIT, March 10.—(INS)—Efforts of the UAW-CIO to "divide and control management" have thwarted the desire of a majority of workers to do their best and increase wartime production efficiency of automobile plants 25 to 50 percent, George Romney, executive director of the Automotive Council, told the Mead senate committee Friday afternoon.

Romney presented these charges and others in testifying at the opening session of public hearings by the committee, which is investigating manpower utilization problems in the Detroit area.

R. J. Thomas, president, and other UAW international officials will present labor's side tomorrow. The committee, under the chairmanship of Sen. James Mead (D-N.Y.), is scheduled to hold closed executive sessions in the Detroit Federal building Sunday.

Romney submitted stacks of documentary evidence to show that reduction of the industry's productivity during the war was the result of "union efforts to usurp management's functions, authority and responsibility."

He accused international union officers of using strikes and stoppages to "whittle away" management's ability to manage, and of "progressively trying to destroy the industry's ability to produce war weapons efficiently."

In support of his charges, Romney offered as evidence charts and statistics showing:

1. Wartime reduction in the rate of output against the rate for the same product made in prewar days.

2. Increased productivity following "show downs" over management control of production.

3. Increases in output of from 15 to 50 per cent in auto plants where incentive plans have been introduced.

4. Eighteen to 40 per cent daily loss of time through late starting, early quitting and loafing periods.

5. "Astounding" increases in strikes and stoppages.

Referring to point 5, Romney asserted that government figures show that more strikes occurred in the first 11 months of 1944 than during the 1937 slowdowns and that more million man days were lost, he told the committee, "exclusive of some 800 other strikes not listed by the Department of Labor."

Romney pleaded for an end to "further stop-gap" labor legislation. He urged the committee to recommend immediate adoption of a "strengthened, completely balanced and modernized national labor policy," which he said might become the foundation for management-labor relationship essential to the future of the United States.

Capt. W. E. Kerr Named As War Ace

Among the names of 29 war aces to be included in a new book entitled "Fighters Up," to be published this month, is Captain Warren E. Kerr, son of Mr. and Mrs. W. E. Kerr of Scotland Lane.

Capt. Kerr was formerly a member of the Thunderbolt group commanded by Lt. Col. David Schilling of Traverse City, Mich., which topped the eighth fighter command, stationed in England, in enemy aircraft destroyed with a total bag of 700-540 in the air and 160 on the ground.

In two missions September 5, the P-47 pilots bagged 71 parked Nazi planes and shot down nine to establish an ETO record for one day's activity. The group was also the first to top the 100 mark in the ETO.

Since completing his missions, Capt. Kerr has been training fighter pilots coming over from the United States.

Eight Allied Armies Are Now Facing Germans In West

WASHINGTON, March 10.—(INS)—Disclosure Friday that the new 15th Army has gone into action on the Western Front brought to eight the total number of Allied armies now facing the Germans in the west.

The breakdown of announced Allied groups on the Western Front now includes five American armies, one British, one Canadian and one French. In addition, the First Allied Airborne Army, which has gone into action on several occasions, is still considered an active organization.

The commanding general of the new 15th Army, Lt. Gen. Leonard T. Gerow, was promoted to his present rank on Jan. 1, 1945. Previously, as a major general, he had served as commander of the Fifth Corps of the First Army under Lt. Gen. Courtney Hodges.

Twelve More Jap Ships Sent Down

WASHINGTON, March 10.—(INS)—The Navy announced Friday that American submarine operating in the eastern waters have sunk two Jap warships, an escort carrier and a destroyer.

In addition, the sub forces have sunk 10 enemy merchant vessels, including a large cargo transport, a large tanker, two medium and one small cargo transport and five medium cargo vessels.

EDWARD MORRISON COMMISSIONED IN MERCHANT MARINE

Edward C. Morrison, son of Mrs. Mary W. Morrison, 1314 1/2 Pennsylvania avenue, received his commission as ensign and his third assistant engineer's license at graduation exercises at the U. S. Maritime Service officers' school in New London, Conn.

Cited for an excellent record while in training, and named as an honor student, he wears the Atlantic, Mediterranean and Pacific war zone bars for merchant marine service in these waters.

Game Protector Coen Candidate For Sheriff

Resigning As Game Protector To Seek Republican Nomination June 19

Frank L. Coen, of Neshannock township, for the past fifteen years a game protector in this district today announces his candidacy for the Republican nomination for sheriff of Lawrence County.

Mr. Coen came to New Castle some thirty-four years ago as a small boy, and for some years resided with an aunt, Mrs. Luther Maginnis of Chestnut street. For a time he was employed in the American Sheet and Tin Plate Company mills and on the Pennsylvania Railroad. Fifteen years ago he entered the service of the state as a game protector but in order to be free of any charge of utilizing government time to campaign Mr. Coen has presented his resignation to the state game commission authorities, thus relinquishing any claim he might have in the future to pension or retirement benefits.

As a game protector he has enforced the law impartially without regard to personal considerations. He has striven to bring about better relationships between the sportsmen and the land owners. He has been interested in athletics for the past thirty years, particularly baseball.

Mr. Coen is married, resides in Neshannock township and is a member of the Second United Presbyterian church. He asks the Republican nomination for sheriff at the primary election June 19, 1945, and as a warrant for his ability to handle the job points to his record of fifteen years service as a game protector.

INSTALLATION FOR AHEPA OFFICERS

Recently elected officers of the New Castle chapter of the Order of the Ahepa will be installed Sunday, March 11 at 2:30 o'clock, when the chapter will meet in the St. George Greek Orthodox church.

Attorney Constantine Economu of Youngstown, O., will preside. Refreshments will be served.

Every 29 hours during peace times a vessel sinks in some one of the seven seas.

SPOTLIGHT Of Today

LIEUT. GEN. GEROW (International News Service)

Veteran of World War I, Mexican war and of service in the Philippines and China, Lieut. Gen. Leonard T. Gerow, commander of the new American 15th Army, earned an early reputation for being one of Uncle Sam's hardest working generals, a man who would rather be in the field with his Doughboys than behind a desk pushing a pencil.

He began his military career in 1911 when, as a graduate of Virginia Military Institute, he had the unique distinction of being the only member of his class commissioned into the U. S. Army without an examination. Later, he was an honor graduate of the general staff and command school at Fort Leavenworth, Kans.

Little more than 10 weeks after Pearl Harbor, Gerow left his job as chief of the war plans division in Washington to take active command of the 29th Infantry Division. In July, 1943, he succeeded Maj. Gen. Russell P. Hartle as commander of U. S. ground forces in the European theatre.

He turned up next as field commander of the Fifth Corps during the invasion of Normandy and for his brilliant leadership, he won the Oak Leaf Cluster to his Distinguished Service Medal. He was promoted to a lieutenant general only last January 1. Gerow is 56, a native of St. Petersburg, Va., and married but has no children.

The new 15th Army, which he commands, has been constituted a part of the 12th Army group, composed of the First, Third and Ninth armies now storming the Rhine defense line. Although its exact whereabouts have not been disclosed, it is safe to assume that Gerow and his men will be in the line where the fighting is hottest, and no doubt will take an active part in the sweep across the Ruhr into the German hinterland.

Denounce Rumors Of Peace Effort

NEW YORK, March 10.—(INS)—The Japanese Domei agency, in a dispatch recorded by FCC, quoted its Berlin correspondent as saying today that German Foreign Minister Joachim von Ribbentrop had denounced rumors of a German-misdirected peace effort.

He was quoted as saying at a luncheon in Berlin that "rumors that have been spread that the German government is planning some sort of political settlement to find a way out of the difficult situation" were "unfounded."

DETROIT STRIKE FRONT

DETROIT, March 10.—(INS)—Thirteen thousand Briggs Manufacturing Company workers, made idle by a strike in six plants, will return to work on Monday as the result of a back-to-work vote taken last night.

In another strike affecting war production in the Detroit area, the regional war labor board assumed jurisdiction in the Thompson Products, Inc. dispute which had made approximately 700 employees idle.

Pvt. H. M. O'Neill Wounded In Action

Former Local Infantryman Is Wounded In Germany; Hospitalized In England

Mrs. Eloise O'Neill of Sharpville has been advised by the war department at Washington, D. C., that her husband, Pvt. Hugh M. O'Neill, had been wounded in action in Germany February 19.

Pvt. O'Neill is attached to the infantry of General Patton's third army. He is hospitalized in England.

Recent word from Pvt. O'Neill to his grandparents, Mr. and Mrs. John Patton, 908 Chestnut street, states he was wounded in the leg. He is a son of Mrs. Chester Hartzell of Pulaski.

Pvt. O'Neill has been in the service seven months and overseas since January. Prior to joining the armed forces he was employed at the Westinghouse plant in Sharon.

Ensign J. A. McCann Missing In Action

Seventh Ward Naval Airman Missing In Pacific; High School Graduate

Word has been received by Mr. and Mrs. J. H. McCann of 913 West Clayton street, from the Navy Department at Washington, D. C., stating that their son, Ensign James Arthur McCann was missing following action in the service of his country, and that details were not now available.

Ensign McCann is attached to the Naval Air Force in service in the Pacific. He joined the armed forces about three years ago, and has been overseas ten months.

Ensign McCann is a graduate of New Castle High school, Class of 1942. At the time of entering the service he was employed as a mechanic in the Porter garage in Mahoningtown.

Congressman Graham Against Nurses' Draft

Regards Move As Another Step Toward Regimentation For People Of Nation

(By CAPT. ARTHUR WIMER)
Washington Correspondent of The News

WASHINGTON, D. C., March 10.—Representative Louis E. Graham of Beaver, was one of the few members who opposed the nurse draft bill when that measure passed the House this week by the one-sided vote of 347 to 42.

Congressman Graham said he was opposed to the bill in principle, that he regarded it as one more step toward regimentation of the nation. He added that he had received from virtually all hospitals in his district messages opposing the draft of nurses.

Stern opposition to the bill is expected in the Senate, but final enactment is regarded as probable.

FISH AND MEAT
It seems that our bodies need proteins to provide material for growth and upkeep.

Fish and meat are perhaps the best sources of protein. There are slight differences in the different kinds of meat and fish. For all practical purposes meat and fish are just about the same. The main differences are in the taste and texture.

Those who prefer fish may be sure that they are adequately supplied with protein. There are so many kinds of fish and meat that most everyone can find something to suit the taste.

Children need larger amounts of protein accordingly than adults do. Old people need protein to keep them in good condition.
